CORVID
CYBERDEFENSE

CYBERSECURITY PARTNER FOR THE MSP

MSPs partner with us to provide their clients with exceptional cybersecurity and compliance services.

Corvid Cyberdefense enables MSPs to sell end-to-end, cost-effective cybersecurity services. We deliver a fully-managed solution that combines leading-edge tools, threat intelligence, and cybersecurity experts to prevent, detect, and respond to cyberthreats.

EMAIL SECURITY • NETWORK SECURITY • 24-7 365 SOC • ENDPOINT SECURITY • AWARENESS TRAINING • VULNERABILITY SCANNING

SERVICES INCLUDE:

Endpoint Security
Secures workstations and servers; 99%+ malware prevention using Artificial Intelligence (AI).

Email Security
Protection and encryption to protect from spam, malware, ransomware, and phishing attacks.

Network Security
Fully automated, next-generation firewall finds and stops attacks.

Advisory Services
Strategic insight, compliance standards, and plan development.

Security Operations Center (SOC)
24/7/365 live management, detection, and response by our analysts.

Vulnerability Management
Network and system scanning, reporting, and analysis to expedite remediation when needed.

Employee Awareness Training
Simulated phishing technology and on-screen lessons reduce human error.

Risk Assessments & Gap Analyses
Using industry and compliance standards such as NIST, CIS 20, HIPAA, PCI, and DFARS.

WHY WE ARE HANDS-DOWN THE BEST PARTNER FOR CYBERSECURITY:

- **Happy clients:** Our enterprise-grade security solution was built specifically for the needs of the SMB.
- **Increased MRR:** Quickly expand your service portfolio with full IT security services your customers need right now.
- **Single-source solution:** Avoid working with 6+ vendors to achieve a complete IT security platform.
- **Full resolution:** We not only find threats but we remediate and improve existing security technologies.
- **Save time and money:** No need to build or manage an expensive cybersecurity platform and 24/7/365 SOC, including hiring, training, and retaining security staff.
- **Behind the scenes:** You maintain your customer relationships as we work in the background.
- **Competitive advantage:** A full cybersecurity portfolio sets your company apart from other MSPs.
- **Stellar reputation:** Our experienced professionals deliver efficient ticket response times and friendly service.

LEADING EXPERTS • BEST-IN-CLASS TECHNOLOGY • 24/7/365 SECURITY OPERATIONS CENTER + MSP = SUCCESS
